Notes:

The Federal commercial quota for the Winter I Period has been harvested. Effective 0001 hour, Thursday, April 1, 1999, fishing vessels with a federal permit may no longer land scup.

For week ending May 1, 1999, 165 dealers held a federal scup permit. Of those 165 dealers, 137 (83%) have submitted a weekly quota report for the current reporting week. Because Massachusetts dealers submit weekly quota reports directly to the state, they were not included in these calculations.

The following summary is updated as information is received, and may not reflect recent state actions. Readers are urged to contact the appropriate state agency for further information.

These data are the best available to NMFS when this report was compiled. Data are supplied to NMFS by dealers and/or state agencies and may be preliminary.
